Dear ,

As 2025 comes to a close, I want to take a moment to reflect on the work we've accomplished together for the people of New York's 23rd Congressional District. This year, our focus has remained on delivering tangible results — in Congress, across the district, and directly for constituents — ensuring that your voices are heard and your needs are addressed.

## **Legislative Accomplishments**

In 2025, I focused on advancing key energy and infrastructure legislation to strengthen New York, protect consumer choice, and keep costs down for families. Three of my bills were reported out of committee and are awaiting consideration on the House floor:

- **Energy Choice Act** – Protects energy choice and prevents bans on specific energy sources, giving families and businesses the flexibility to select the energy that works best for them.
- **Reliable Federal Infrastructure Act** – Strengthens and modernizes energy infrastructure to ensure reliable power and support economic growth.
- **State Energy Accountability Act** – Promotes transparency and accountability in state-level energy programs, ensuring programs deliver results for taxpayers.

I am focused on affordability, and that is why my legislation, advocacy, and constituent work are all laser-focused on making the lives of people in NY-23 better. These bills, combined with my ongoing efforts in Washington and across the district, are aimed at keeping costs down, expanding choice, and delivering practical solutions that directly improve everyday life for our families and businesses.

## **Communications with Constituents**

I am proud to be your representative, and hearing your concerns is a cornerstone of my decision making. This year my office responded

to **184,511 incoming messages**, including **137,224 emails**, **28,955 messages**, and **18,332 phone calls**. Whether these were comments on upcoming legislation, requests for funding, or asking for help with a government agency — I know that these issues are very important to you, and that's why they are important to me.

## District Engagement & Casework

Team Langworthy remained active across all nine counties, ensuring my office was attentive and available throughout the district. My casework team resolved **1,323 cases** this year, delivering critical assistance across federal agencies including the **Social Security Administration (SSA)**, **Department of Veterans Affairs (VA)**, **U.S. Customs and Immigration Services (USCIS)**, and the **Office of Personnel Management (OPM)**.

We recovered **\$36,363,534.80** for constituents, from delayed IRS refunds to federal benefit corrections, giving families and small businesses the financial relief they deserved. You pay too much in taxes for the government not to be there when you need it. If you need help, please call my office — my team and I would be happy to fight for you.

## Looking Ahead

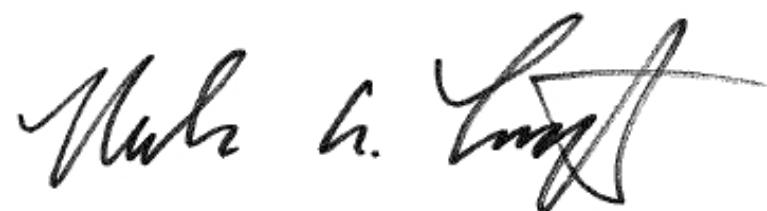

2025 was a year of meaningful results — protecting families, advancing your priorities, and standing up for common sense against bad ideas that have gone too far. I am proud of what our team accomplished on your behalf, and I will continue working tirelessly in 2026 to ensure that my office reflects the same values

that make Western New York and the Southern Tier so great: hard work, family first, and the promise of the American Dream.

As we move into the new year, I remain committed to bringing people together to focus on solutions that strengthen communities, create opportunities, and uphold the values we all share.

Happy New Year to you, and together we will keep delivering for Western New York and the Southern Tier.

Sincerely,

A handwritten signature in black ink, appearing to read "Nicholas A. Langworthy".

PUTTING THE SPOTLIGHT  
ON SOME OF THIS YEARS  
SPECIAL ACHIEVEMENTS

WELCOMING  
SWEDISH AMBASSADOR  
URBAN AHLIN

This summer, I had the pleasure of welcoming my friend, Ambassador of Sweden Urban Ahlin, to showcase the strong Swedish heritage that is alive and well in Jamestown, New York. This was truly a special occasion, as the Ambassador received the Key to the City from Mayor Kim Ecklund, toured the Chautauqua Institution, spoke at the Norden Club, and saw firsthand the strong Swedish manufacturing investments across our region. I was proud to bring the past and present together during this monumental visit from one of our closest allies overseas, as we recognized the lasting contributions of Swedish immigrants and the enduring partnership between Sweden and Jamestown.

## DEFEATING NEW YORK'S ELECTRIC VEHICLE MANDATE

In 2025, I led efforts to challenge New York State's unrealistic electric vehicle mandates, highlighting concerns about infrastructure readiness, economic impact, and the real-world challenges facing consumers and dealerships. **Under Kathy Hochul's original rule, 35% of vehicle purchases in 2026 would have had to be EVs — an impossible target** that would have raised costs for buying or leasing a car.

I held press conferences across the district to demand that state leaders reconsider the timeline, and worked with bipartisan lawmakers to push for more realistic policies. Shortly afterward, New York DEC paused penalties for the 35% sales mandate in direct response to the concerns we raised. **I will always fight for affordability, and this victory shows what we can accomplish when we stand up for common sense.**

**STANDING WITH NEW YORK'S CORRECTIONS**

# FOR OUR CORRECTIONS OFFICERS

I will always stand with the men and women in law enforcement who work every day to make our community safer and stronger. I was proud to stand shoulder-to-shoulder with our Corrections Officers, who have been forced into double—and even triple—overtime, working 24- to 36-hour shifts while guarding some of the most dangerous convicts in the state. This is an incredibly tough job, and I will continue to stand with these men and women to fight for

safer working conditions, fairness and stability.

# VETERANS FOR CHRIST PURPLE HEART VETERAN PINNING CEREMONY

Honoring our Veterans has been one of my greatest privileges as Congressman. I was glad to spend time with the Veterans for Christ to celebrate the life, service, and sacrifice of these American Heroes. The United States is free today because of the brave men and women who put their lives on the line, and we will always remember their sacrifice.

# FIGHTING FOR WESTERN NEW YORK AND THE SOUTHERN TIER

I am proud of the federal investment and success I have had at cutting red tape for our communities. We have fought and secured millions in grant funding for critical projects across the 23<sup>rd</sup> District of New York, and I will continue to make sure that our district is never overlooked in Washington.
