Dear Mr. [REDACTED],

Thank you for contacting me to express your concerns about the Jeffrey Epstein case. I appreciate the opportunity to respond.

I want to begin by stating that Jeffrey Epstein was a disgusting individual, and I support full transparency and accountability regarding the Epstein files. I have never opposed the release of the documents since Epstein's 2019 suicide, and I strongly believe that any individual who has committed crimes – especially crimes against minors – must be prosecuted to the full extent of the law. Furthermore, the Epstein case should never be politicized, and justice for victims must never be used as a political weapon or reduced to a partisan talking point.

Unfortunately, Democrat members of the House Rules Committee chose to do just that and on July 14, 2025, introduced a last-minute amendment related to the Epstein files to a rule governing consideration of three unrelated cryptocurrency bills. Any amendment offered in the Rules Committee must be directly relevant—or “germane”—to the underlying legislation. The Democrats’ amendment did not meet this standard and, more importantly, would not have led to the release of a single classified document.

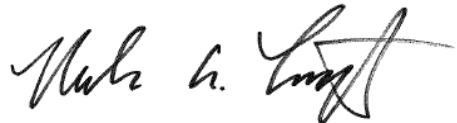

The actions taken by House Democrats to use this horrific case that involves real victims as a political stunt is shameful, and I remain committed to pursuing justice in a way that honors the victims and upholds the seriousness such cases demand. That’s why I am an original cosponsor of H.Res.589, a resolution providing for the public release of certain documents, records, and communications related to the investigation of Jeffrey Epstein, and voted in support of this legislation when it advanced out of the House Rules Committee on July 17, 2025. This resolution demands the full release of all credible Epstein documents – while safeguarding the privacy and dignity of the

victims – which the Democrats' previous amendment failed to do. Furthermore, H.Res.589 would prevent the release of child pornography that could further damage the victims' lives.

Presently, H.Res.589 awaits a vote on the House Floor for further consideration. Rest assured that as Congress considers this measure and additional legislation regarding the Epstein files, I will keep our shared support for protecting children and achieving justice in mind.

Once again, thank you for contacting me about this important issue. Please do not hesitate to reach out with any additional questions, comments, or concerns. My door is always open, and I am honored to serve Western New York and the Southern Tier in Washington.

Sincerely,

**Rep. Nicholas A. Langworthy**  
**Member of Congress**
