To: Watch Langworthy <langworthywatch@gmail.com>

Thank you for contacting me to express your concerns with the United States Postal Service (. I appreciate the opportunity to respond.

As you may know, on December 24, 2025, USPS updated its manual to clarify the difference between the mail deposit date and the postmark date. Specifically, the mail deposit date reflects when mail is received at a post office, while the postmark date represents when it is processed at a USPS processing center. Presently, there has been no legislation introduced regarding this update.

While I understand your concerns, USPS has stated that this update does not change how mail is processed. Furthermore, I recognize the importance of ensuring that mail is accurately and timely postmarked. That is why, in 2024, I strongly opposed USPS's proposed review of the Buffalo Mail Processing and Distribution Center, which would have led to its closure and delayed postmarks for my constituents. After advocacy from my office and other officials, USPS reversed the decision to move the Buffalo center to Rochester.

Rest assured that as a Member of the House Oversight and Government Reform Committee, which has jurisdiction over USPS, I will ensure that USPS remains focused on the safe and timely delivery of mail. Additionally, if you ever are in need of assistance navigating the USPS or another federal agency, please contact my Clarence District Office at 716-547-6844. I have staff on hand who are specialized in assisting you in navigating federal agencies and expediting your claims.

Once again, thank you for contacting me about this important issue. Please do not hesitate to reach out with any additional questions, comments, or concerns. My door is always open, and I am honored to serve Western New York and the Southern Tier in Washington.

Sincerely,

Rep. Nicholas A. Langworthy
Member of Congress
